OBJECTIVE

Aspiring Front-End Developer skilled in HTML, CSS, JavaScript and React. Eager to contribute to innovative projects and grow technical skills. Looking to leverage problem-solving abilities in a dynamic development environment.

PROJECTS

Voice Assistant
- Technologies: Python, HTML, CSS, JavaScript.
- Developed a dynamic user interface to boost interaction and engagement for a voice assistant; used Python for backend processing and HTML, CSS, and JavaScript for the frontend.

News Website
- Technologies: HTML, CSS, React.js, JavaScript, News API.
- Developed a News website to fetch and display News report using a News API. Created a responsive, user-friendly interface with HTML and CSS, React.js and used JavaScript for API and dynamic updates.

Personal Portfolio Website
- Technologies : HTML, CSS, JavaScript
- Created a personal portfolio website to showcase projects, skills, and achievements using HTML, CSS, and JavaScript. Integrated the AOS library for scroll animations, used LottieFiles for lightweight animations, and incorporated Undraw illustrations for engaging visuals.
